Jonathan C. Bender, MD

Dr. Bender has been an oncologist for over 20 years. He has been caring for patients in the Fayette area since he joined Piedmont Cancer Institute in 2001. He currently serves as Medical Director of the Piedmont Fayette Cancer Center and chairman of Piedmont's Cancer Committee. Dr. Bender has been a recipient of numerous honors and awards in the field of oncology. He has numerous publications and abstracts in Hematology and Oncology and is actively involved in clinical research trials. Additionally, he has been honored with the "Top Doctor" award in the Atlanta area. Dr. Bender has two teenage-aged children and loves cooking for friends and family. Dr. Bender is a serious fan of the The Ohio State Buckeyes.

Trevor Feinstein, MD

Dr. Feinstein treats patients with all cancer types given his extensive experience in oncology and hematology. Joining Piedmont Cancer Institute in 2011, Dr. Feinstein is known to his patients as caring, compassionate, humble, and collaborates with other physicians regarding patient care. He is board certified in medical oncology and hematology by the American Board of Internal Medicine. Dr. Feinstein is a co-investigator on several peer-reviewed research projects and actively involved in research efforts (clinical trials) focusing on improved therapies for various cancers. He is also director of research at Piedmont Fayette Hospital. Dr. Feinstein has authored numerous publications and abstracts in Hematology and Oncology. He has also given multiple presentations on hematology and oncology, including international lectures. He has facilitated several multidisciplinary tumor boards and led the Resident Hematology and Oncology report at a local teaching hospital. Dr. Feinstein is married and has two boys. He enjoys exercise, traveling with his family, and watching professional football, especially the Chicago Bears.

Vipin Lohiya, MD

Dr. Lohiya joined Piedmont Cancer Institute 4 years ago diagnosing and treating a variety of cancers as well as blood disorders due to his experience in hematology and oncology. He is known to provide a patient centered approach which involves not only communicating with you, but coordinating your care with other doctors. He is actively involved in clinical trials and research which provides patients a chance to get additional treatment options. He has developed a strong patient following providing compassionate care and concern for all of his patients. Being a certified member of MD Anderson Cancer Network allows him the access to direct consultation with the experts in the field to provide you the care closer to your home. Dr. Lohiya's free time is vested in his family and friends, traveling, & photography.
